

Environmentally safe surfactant blend for surfaces contaminated with water, oil and synthetic base muds.

## Product Summary

Turbo-Clean is an all-purpose industrial, water soluble cleaning compound. It is composed of biodegradable amphoteric surfactants with a non-irritating silicate complex added. Turbo-Clean does not contain any hazardous butyls or caustic soda.

## Wellbore Stability Benefits:

- Excellent at removing grease and oil.
- No solvents or pollutants.
- Tremendous at cleaning rig floors and equipment.

## Physical Properties:

Flash Point: None

Density (lb./gal.): 8.5

Appearance: Slight Blue Tint

pH: 7.5-9.5

Odor: Citrus

## Handling and Storage

Proper PPE should be worn while handling this product. Please review SDS before using.

## Recommended Treatment

Turbo-Clean can be used “as-is” in concentrated form, but the standard 1-10 or 1-20 dilution is recommended. Pre-Mix with water for general purpose cleaning with rags, brushes or pressure sprayer. For use as a degreaser, apply full strength to heavy oil stains and allow time for soaking for 30 minutes then brush or spray. Rinse thoroughly after application.

## Packaging

Turbo-Clean is available in 5 gallon pails, 55-gallon drums or in 275-gallon totes.
